WHO WE ARE?

POWER MINING BUILDS CONSUMER HARDWARE FOR BITCOIN MINING

- Power Mining, founded in 2017.
- Built more than 200 containers for Bitcoin mining
- Manufactured thousands of mining PDUs.
- Total estimated power ~250 MW of miners
- Hydro cooling and heat reuse solutions since 2025
- Consumer bitcoin mining hardware since 2024
 - In-house product & firmware development
 - 20,000+ miners shipped globally

0.6 - 1.2MW air cooled

1.6MW heat reuse

Bitaxe un NerdQaxe++

IN 2025 WE BUILT OVER

20000

BITCOIN MINERS

12000

Bitaxe sold

8000

NerdQaxe++ sold

€5M

Turnover

Lets do 5x this
year

2026 challenges

- global shipping
- (new) consumer product design
- contract manufacturing
- support automation (consumer hw)
